PURA WARD NO. 16 NEAR

MASJIDHANFIA SAEEDIA LODHRAN

Lodhran , Pakistan

Technical Skills

- Arcgis
- Design and analysis of buildings
- Geotechnical investigation
- Abaqus
- Auto cad
- Primavera for planning
- Geometric analysis
- Reading structural drawings

Soft Skills

- Strong work ethics
- Communication skills
- Teamwork, flexibility
- Team management
- Efficient ms word, excel user
- English speaking and writing

Reference

To be furnished upon request.

Professional Profile

Dedicated and innovative civil engineer with a passion for sustainable development and infrastructure. Committed to advancing renewable energy resources and protecting the environment through the use of eco-friendly materials and practices. Aspiring to contribute to projects that promote a happy, safe, and sustainable environment, ensuring long-term benefits for communities and the planet.

Education

Bachelor of Civil Engineering

NUST Balochistan Campus , 3.19

Matric / O levels

, (2017)

Intermediate / A levels

, (2019)

Internship Experience

CNA Engineering and Services (Pvt) Ltd.(03-Jul-2023 - 15-Aug-2023)

• Hands on experience of practical engineering and Construction work • Estimated Bill of Quantities • Exposed to Real world Engineering Problems

Projects

Seismic Retrofitting Through Externally Attached Sub Structures to improve Structural Resilience

We investigated the effectiveness of Special Steel Plate Shear Walls (SPSW) in six different orientations for seismic retrofitting. Using nonlinear time history analysis, we evaluated the performance of SPSW under five earthquake intensities, focusing on story drift, displacement, shear, and overturning moment.

PEC Capstone award winner First Position in all over Balochistan

Awarded First Position in the PEC Capstone competition, recognizing outstanding project excellence and innovation across all of Balochistan. Honored for demonstrating exceptional technical skills and impactful solutions.

Entrepreneur Society Executive Member

As an Executive Member of the Entrepreneur Society, organized various galas and events at the university, fostering a vibrant entrepreneurial culture and networking opportunities for students. Led initiatives that enhanced student engagement and collaboration.
