

DANISH HUMAYUN

PLANNING ENGINEER | COST ESTIMATOR | CIVIL ENGINEER

To Hiring Manager,

I would like to apply for the post of Civil Engineer in your esteemed organization. I have done my graduation in Civil Engineering in 2011 from NED University of Engineering and Technology, Karachi - Pakistan. I have total 11 years of experience in Project Planning, Budgeting, Cost Estimation, Tendering, Bid Analysis, Contract Management, Execution and Supervision of several Infrastructure development and large-scale commercial projects. Currently, I am located in Quetta, Baluchistan and employed with one of the leading construction organization of Pakistan which is National Logistics Cell (NLC) as Manager Cost Controller/Risk Scheduler. I have been responsible for planning, budgeting, cost estimation and monitoring of all the ongoing projects in Baluchistan province.

Previously, Ceres Associates Gulf as Planning Engineer on the Projects of Solid Waste Management Landfills Construction and Waste water treatment plants in UAE and Pakistan, where I involved in Supervision, Planning and Execution of different construction activities with accordance Design and Specifications.

I also worked with Bahria Town (Pvt.) Ltd., as Deputy Construction Manager where I am recognized for driving technical development of sophisticated infrastructures work and systems in the structural building and civil engineering fields. I am relied upon for maintaining inventory levels, performing preventive maintenance checks, inspecting and monitoring work areas to ensure safety, and supervising and training project employees, including in-house, external contractors, and sub-contractors. I firmly believe that my knowledge and experience gained as an experienced Civil Engineer will add value to this position and ultimately your organization.

I also worked with Osmani & Co. (Pvt.) Ltd. (Consultancy firm) as a Senior Site Engineer where I performed numerous construction duties such as supervision, planning, quality control and monitoring weekly progress reports. I possess prior experience in delivering complex multi-disciplinary projects within highly regulated environments, which has helped me become adept in deploying stable, high quality, and cost-effective structural innovations.

As an ambitious and capable individual, I have gained expertise in almost every corner of the construction profession. I would appreciate the opportunity to join an esteemed and reputable firm such as yours.

Please have a look at my enclosed Resume for detailed information of my experience and education.

Looking forward to discuss more in person.

Thank You

Best Regards,

DANISH HUMAYUN
