OBJECTIVE

I'm an avid learner and a dynamic person with eagerness to endeavor towards excellence. My personal goal is to upskill myself through learning and implementing my theoretical learning into practical work.

EDUCATION

MILITARY COLLEGE OF ENGINEERING, NUST

BSc in Civil Engineering

2019 – 2023

Thesis: Structural analysis, designing and building information modelling of MCE Officers Mess, Risalpur.

Courses: Steel Structures, Plain Reinforced Concrete I & II, Construction Contract Management, Construction Project scheduling, Survey I & II, Transportation Engineering, REVIT, AUTOCAD

KIPS COLLEGE, MULTAN.

2017 – 2019

Higher Secondary School Certificate

Subjects: Mathematics, Physics, Chemistry

JOB EXPERIENCE

VALUE ENGINEERING, ISLAMABAD

Estimation Engineer

Sep 2023-*

Projects: Successful execution of diverse projects, from high-rises to parks.

Activities and Responsibilities:

I have contributed to over 100 projects across the USA. Provided detailed takeoffs and cost estimation of structural steel, building concrete, site, and masonry works using plan swift and blue beam.

WEST CONSTRUCTION, FL

Remote Estimator

Jan 2024-*

Projects: 40+ projects that include, public, private, and commercial buildings.

Activities and Responsibilities:

Provided detailed estimates using plan swift and Bluebeam.

Assisted on-site estimators with takeoffs and cost estimation.

Getting material quotes from the supplier.

Ensured smooth flow of communication between company and sub-contractors.

INTERNSHIP

SDEFENSE HOUSING AUTHORITY, MULTAN

Trainee at transportation engineer and water resources

Aug 2022 – Sep 2022

Project 1: Main Boulevard MB-5, DHA Multan

Project 2: Water supply at sectors O, M, N DHA Multan

Activities and Responsibilities:

Worked on quantity and cost estimation using Microsoft Excel

Assisted Senior Civil engineer for transportation work.

HABIB RAFIQUE PVT, LTD

Civil Engineering Intern

July 2021 – Aug 2021

Project: Royal orchard, Multan

Activities and Responsibilities:

Assisted site engineer in managing the site and parts of construction.

Ensured accurate implementation of drawings and quantities.

Set out, leveled, and surveyed the site using Total station.

PROJECT EXPERIENCE

STRUCTURAL ANALYSIS, DESIGNING AND BUILDING INFORMATION MODELLING (MCE, officers mess)

Guide: Dr. Adeel Zafar

Sep 2022 – June 2023

Analysis of design using ETABs

Design and modeling of building using REVIT

Cost and quantity estimation of project

Cost optimization of project.

DESIGN OF A MULTISTORY BUILDING (Abbottabad)

Guide: Dr. Adeel Zafar

Feb 2023 – June 2023

Designed multi-storey building Incorporated all essential structural element.

SURVEY OF MILITARY COLLEGE OF ENGINEERING, RISALPUR

Guide: Brig. Sajid Mehmood

June 2021

Conducted survey using advanced equipment such as Total Station and GPS.

Processed survey data using software programs like Liscad and AutoCAD to generate accurate results.

Generated comprehensive reports and maps for project documentation.

HONOURS & AWARDS

Appointed as a member of NUST Student Forum committee.

Member of MCE sports gala organizing committee.

NUST merit and need based scholarship recipient.

Winner of cricket tournament MCE.

Kips merit scholarship recipient.

SKILLS

Software: Plan swift, Bluebeam, ETABs, Auto-CAD, REVIT, Primavera, Microsoft office

Other Skills: Team Leading, Problem Solving, Laboratory Management.
