

Humayun Rasheed

Civil Engineer / Cost Estimator

humayunrasheed57@gmail.com

03183536545

Islamabad, Pakistan

Highly motivated civil engineer with a bachelor's degree & a diverse professional experience. Experienced in both on-site & estimation roles. Currently working as an asset integrity engineer for oil & gas industry ensuring the virtual asset management of structural components of oil & gas rigs as well as marine terminals. Eager to enhance my career in engineering excellence, broaden my knowledge, and contribute to cutting-edge projects in the construction industry

EDUCATION

- Bsc Civil Engineering**
COMSATS University Islamabad, Wah Campus
09/2018 - 07/2022 *Wah Cantt*

WORK EXPERIENCE

- Asset Integrity Engineer**
SOFTOO Pvt Ltd
12/2023 - Present *Islamabad, Pakistan*
 - Achievements/Tasks*
 - Implemented modern asset tagging techniques for offshore oil rigs & marine terminals. These initiatives played a major role in lowering hazards, enhancing safety, and prolonging the lifespan of vital assets including flanges, pipelines, vessels, pipe supports, and structural elements.
 - Dealt with the projects of prominent O&G Companies including Chevron Corporation, Exxon Mobil, British Petroleum and Anadarko Petroleum Corporation.
- Junior Cost Estimator**
Millennium Estimators,
12/2022 - 11/2023 *Rawalpindi, Pakistan*
 - Achievements/Tasks*
 - Generating thorough cost estimates and quantity takeoffs for 100+ construction projects involving both residential and commercial buildings.
 - Skilled in estimating costs for various aspects of construction projects, including architecture, structure, MEP (mechanical, electrical, plumbing), and site-related components.
 - Created a thorough cost breakdown, including 33 CSI divisions, and overheads, using industry standard cost estimation software Plan Swift.
 - Maintained transparency and provided regular updates to the clients from Australia, USA, UK & Europe, throughout the project's duration, ensuring their confidence and satisfaction in our services.
- Site Engineer**
Habib Rafiq Pvt Ltd
08/2022 - 12/2022 *Islamabad, Pakistan*
 - Achievements/Tasks*
 - Ensuring the successful execution of building project (**Islamabad High Court Building, G-5 Islamabad**), adhering to quality standards, safety regulations, and project timelines.

SOFTWARE SKILLS

Plan Swift Auto CAD Revit Navis works
