Personal Profile

A University of Engineering and Technology (UET) graduate with a strong academic background and hands-on internship experience in quantity estimation, soil exploration and design. I have gained comprehensive knowledge about the industry and acquired in-demand computer skills including ETABS, AutoCAD, Revit, Planswift and many more, skilled in interpreting technical drawings and specifications. Demonstrated ability to work effectively in team environments to deliver projects on time and within budget. I am passionate for seeking opportunities to polish my skills and eager to gain experience related to the field. Always eager to avail as many opportunities as possible to prove myself, a hardworking engineer.

Education

BSc Civil Engineering

CGPA : 3.62 / 4

University of Engineering and Technology, Taxila

2020 - 2024

- Graduated with Distinction

Fsc Pre Engineering

Marks : 974/1100

Punjab College of Science, Faisalabad

2018 - 2020

- Board of Intermediate and Secondary Education
- Graduated with Distinction

Matric / SSC

Marks : 993/1100

City High School, Faisalabad

2016 - 2018

- Board of Intermediate and Secondary Education
- Specialised in Physics, Chemistry, and Maths with Biology

Work Experience

WAPDA Engineering Academy, Faisalabad

Faisalabad, Pakistan

Internee Civil Engineer

July 2024

- Collaborated with a four-person team to develop a detailed Costing and Estimation of apartments with the help of MS Excel.
- Detailed Soil and Concrete testing of samples taken from various parts of the Country
- Exposure to various Hydro Power projects undertaken by WAPDA, including Link Canals,, Barrages, Dams and Numerous other remarkable projects.
- **Technical Skills:** Soil Exploration, Soil Investigation, Soil Classification, Costing and Estimation.
- **Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

University Projects

Building Information Modeling

Final Year Project

Building Information Modeling (BIM)- Based Estimation and Costing of Multistory Buildings: A novel

2024

Approach for Enhanced Project Performance

- Collaborated with other group members to develop a Detailed Estimate of the Multistory Nursing Hostel, situated in Islamabad with the help of different Software.
- **Technical Skills:** Revit, Planswift, MS Excel, AutoCAD.
- **Soft Skills:** Time Management, Teamwork, Presentation skills, Report writing.

Drawing and Designing of Commercial Plaza

UET, Pakistan

University of Engineering and Technology, Taxila

March 2024 - May 2024

- Draw 2D and 3D drawings of commercial plaza including Cinema with the help of Revit .
- Design the same structure using ETABS and then design its foundation using SAFE.
- Draw the structure drawings of the structure using Revit Structures.
- **Technical Skills:** Revit, AutoCAD, ETABS, SAFE.
- **Soft Skills:** Logical Thinking, Critical Thinking, Report writing, Time management, Presentation.

Redesigning of existing highway using Civil 3D

Ziarat Highway, Pakistan

University of Engineering and Technology, Taxila

April 2023 - June 2023

- Create alignment of the already existing road to make a better and more suitable road using different softwares that are used in industry.
- Design this new road alignment using and calculate different materials including asphalt, aggregate, sand and soil.
- Prepare a rough estimate of the newly designed road and compared it with the already existing structure.
- **Technical Skills:** MS Word, Civil 3D, Google Earth Pro, Global Mapper
- **Soft Skills:** Logical Thinking, Critical Thinking, Report writing, Time management, Presentation.

Soil Investigation of Hometown

University of Engineering and Technology, Taxila

- Done detailed soil testing on the soil taken from the hometown.
- Done various tests including ASTM D-2216, D-854, D-4318, D-6913, D-422, D-698, D-4914, D-7928.
- **Technical Skills:** Soil Exploration, Soil Classification, Soil Investigation.
- **Soft Skills:** Report writing, Presentation skills, Leadership, Teamwork, Logical Thinking.

Faisalabad, Pakistan

Nov 2021 - Jan 2022

Planning and Scheduling using Primavera

University of Engineering and Technology, Taxila

- Collaborated with 3-person team to develop detailed planning and scheduling of Commercial Plaza .
- With the help of Primavera P6, we develop planning and Scheduling of the Multistory Commercial Plaza.
- **Technical Skills:** Primavera P6.
- **Soft Skills:** Report writing, Leadership, Teamwork, Logical Thinking, Critical Thinking.

UET, Pakistan

Nov 2021 - Jan 2022

Skills

Modeling	Revit , AutoCAD ,Sketchup , Civil 3D
Design	ETABS , SAFE , SAAP.
Soft Skills	Time Management, Teamwork, Problem-solving, Documentation, Engaging Presentation.
Planning	Primavera , Planswift , Bluebeam , Excel.
Other Skills	MS Word, MS Excel, MS Powerpoint.

Certifications

2022	Microsoft Excel , Beginner to Advanced	Tamas Benko
2023	Autodesk Revit , Autodesk Certified Professional: Revit for Architectural Design Exam Prep	Autodesk
2023	BIM , BIM Fundamentals for Engineers	National University of Taiwan
2024	BIM , BIM Fundamentals for Engineers	National University of Taiwan
2024	Quantity Surveying , Quantity Surveying and Building Estimate	Ashish Pandit
2024	Primavera P6 , Project Planning and Scheduling Masterclass	Basharat Bhatti

Publications

Polyethylene Fiber-Reinforced Recycled Aggregate Concrete Containing Wastewater: Durability Properties
Hammad Sahukat, Muhammad Abdullah, Muhammad Abdullah Azhar, Aleem Sultan, Ali Raza
