EXPERIENCE

ESTIMATOR

Sterling Supplies, Australia

October 2020 - Present

- Analyzing plans, bills of quantities and other project documentation in order to estimate costs.
- Conducting estimates for approximately 20 projects per week, encompassing material and labor calculations for a diverse range of products including Stair Nosing, Tactile Pads, Entrance Matting, and Car Park Safety Products.
- Contributing to decision-making processes regarding whether to submit a proposal for the project, based on established criteria and accumulated experience over time
- Consistently enhance markup methods, take-off templates, and quote generation processes to ensure efficiency and accuracy.
- In charge of estimating the value of Tactile pads and Stair Nosing products totaling \$414,000 for the Sydney Football Stadium project in Moorebank.

CIVIL ENGINEER

BM Marketing and Construction, Philippines

September 2016 - September 2020

- Spearheaded the estimation, design, and layouting of 16,600sq.m of ceramic tiles for a five-storey building, utilizing Planswift software with precision.
- Independently conceptualized and estimated forty wall and base pantry cabinets using Planswift, AutoCAD, and SketchUp, overseeing fabrication and installation processes.
- Orchestrated material quantification for procurement and progress reporting of the newly constructed Bohol Provincial Capitol, encompassing concrete volumes, reinforcing steel bars, hollow blocks, painting works, ceilings, tileworks, cabinets, roofing, metal works, among others.
- Mentored and supervised four new employees in a supervisory capacity, facilitating their readiness to undertake similar projects and supporting company expansion, including providing comprehensive training on Planswift for quantity take-off.
- Contributed as a key member of the quantification department in a successful bid for a \$14,000,000 underpass project in Cebu, alongside various national and regional bids securing contracts exceeding \$2,000,000 in approved budget.
