Education

University of Engineering and Technology, Taxila

Sept 2020 - July 2024

Bachelor of science in Civil Engineering – CGPA: 3.05/4.00

Courses: Transportation Eng., Surveying, Construction Management, Structural Eng., Soil and Foundation Engineering, Cost Estimation, Computer Aided Designs

Experience

Pakistan Public Works Department, Islamabad (Internee)

June 2023 – July 2023

- Developed proficiency in precise 2D drawings using AutoCAD.
- Acquired expertise in creating Bills of Quantities (BOQ) with Bluebeam and Plan Swift.
- Gained practical experience in project planning and management with Primavera P6.
- Consolidated project resources by aligning with various teams to integrate drawings, BOQs, and schedules, streamlining project execution.
- Achieved a major decrease in project costs and a improvement in resource utilization.
- Maintained careful oversight and risk management to guarantee that schedules and budgets were followed.

Skills

Technologies: AutoCAD, Revit, ETABS, Plan swift, Primavera P6, Civil 3D, Safe, MS Office

Services:

- Building Estimation using Plan swift and Bluebeam
- Planning and Scheduling using Primavera P6
- Flexible and Rigid Pavement Design of road infrastructure in Baluchistan province on Civil 3D.
- Structural analysis and design on ETABS.

Certifications

Courses and Awards:

- Primavera P6 for Schedule – Smart PM Training
- Construction project management – Columbia University via Coursera.

Projects

1. Preparation Of SOPs and Man-Hours for Activities in A Project (FYP)
 - Conducted on-site assessments and comparative analyses to deepen understanding of construction project management methodologies.
 - Formulated Standard Operating Procedures (SOPs) in accordance with industry norms, building codes of ACI, refining proficiency in manpower planning and resource allocation.
 - Strengthened analytical prowess by manually computing project duration in man-hours, facilitating accurate project scheduling.
2. Estimation of Residential Structure (5 Marla) using Plan swift.
3. Preparing Detailed Soil Investigation Reports for Urban Infrastructure Initiatives
4. Adhering to CDA requirements in the architectural and structural design of a one-kanal residential house
5. Rigid and flexible pavement costs are compared using the NHA schedule of rates.

Leadership

Finance Head of National Youth Assembly, UET Taxila

Oct 2022 – Oct 2023

General Member of ICE, UET Taxila
