

Husnain Ali

Green wood Plaza barket market, Lahore, Pakistan | +92 3240827990 | husnainmaqsood94@gmail.com

EDUCATION

National University of Computer and Emerging Sciences (FAST)

Lahore , Pakistan

Bachelor of Science in Civil Engineering

2021-Present

- **CGPA:** 3.05/4
- **Relevant Coursework:** Geotechnical Engineering, Structural Analysis, Concrete Design and Analysis

Government Post Graduate College Toba Tek, Lahore, Pakistan

Pre-Engineering

2018 – 2020

- Subjects: Chemistry, Mathematics, Physics and Urdu

PROFESSIONAL EXPERIENCE

AMANAH TOWER Residential Building

Lahore, Pakistan

Intern

October 2022 – September 2023

- Played a crucial role in optimizing utilities management as a part-time remote employee, focusing on efficiency, cost-effectiveness, and sustainability.
- Integrated technology to oversee and strategize utilities distribution, contributing to the effective planning and development of the town's infrastructure.
- Doing auto leveling n this project and also find the estimation of the residential building.
- Work on ETABS, REVIT & PRIMAVERA.
- Played a role in structure design mostly.

FAST NUCES Boys Hostel

Faisalabad, Pakistan

Intern

June 2022 – August 2022

- Engaged in strategic project planning and infrastructure development contributing to innovative construction ventures.
- Collaborated with teams in project scheduling, cost estimation, and feasibility studies, gaining hands-on experience in construction methodologies, geotechnical and structural design.

ACADEMIC PROJECTS

SURVEY REPORT FOR FAST NUCES

- As the lead of a team consisting of 7 students, I supervised in area calculations and coordinated precise measurements using total station and theodolite equipment and GPS coordinates
- Employed AUTOCAD for traversing, contouring, and conducting volume calculations, effectively integrating technology to enhance surveying accuracy and efficiency.
- Conducted a drone survey for the survey of the campus and new building project.
- Geotechnical Analysis: Foundation Design and Solution (Semester Project)
- Conducted comprehensive analysis of diverse soil profiles to evaluate key geotechnical properties including shear strength and bearing capacity.
- Studied optimal foundation types for a critical infrastructure project, drawing from detailed analysis of diverse geotechnical properties and loading conditions.

LEADERSHIP EXPERIENCE

INSTITUTION OF CIVIL ENGINEERS - FAST NUCES CHAPTER

Head Event Management Team

- I led the planning and execution of events, ensuring successful coordination and high attendee satisfaction.

fostering knowledge exchange, thereby enhancing the society's communication and educational initiatives.

AMERICAN SOCIETY OF CIVIL ENGINEERS – FAST NUCES CHAPTER

Event Coordinator

- Organized and managed various events, including seminars, workshops, and networking sessions, ensuring smooth execution and active participation from members, while fostering industry connections and enhancing the society's visibility.

SKILLS & INTEREST

SKILLS: AutoCAD, REVIT, MS Word, Excel, PowerPoint.

Soft Skills: Efficient Problem-solving skills, Researching Knowledge, Project Management, Communication Skills.
