SUMMARY

Qualified and Registered Civil Engineer possessing strong technical and practical comprehension of engineering, procurement and construction methods. Capable of producing high-standard work outcomes with effective written and oral skills. Hard-working, self-motivated, determined and enjoys working as part of a multidisciplinary team by constructing cohesive relationships with teammates to accomplish assigned tasks. Pursuing a career in engineering design and management with a keen desire for opportunities to gain valuable experience and professional development in the engineering field.

EDUCATION

National University of Sciences & Technology (NUST)

Bachelor's in Civil Engineering
2019 – 2023

Punjab Group of Colleges, Okara

Pre-Engineering
2017 – 2019

ONLINE COURSES

- Construction Scheduling-(Columbia University)
- Project Scheduling-(Coursera Project Network)
- Construction Cost Estimation-(Columbia University)

FINAL YEAR PROJECT

Analyzing the effect of polypropylene fiber on flexural response of hollow concrete beams. A study on 12 concrete beams (solid and hollow) explored flexural response. Adding Polypropylene fiber increased tensile strength: 0.5% fiber by 12.5%, 1% by 15%, and 1.5% by 17.2%, while reducing compression strength. Among the hollow beams, 2" x 2" and 2.5" x 2.5" ones outperformed control beams by 17.38% and 5.09% in ultimate loads. Optimal-fiber beams exhibited enhanced flexural strength.

EXPERIENCE

Assistant Quantity Surveyor

SWN Construction Company | Lahore

Jun 2024 – Present

- Preparation of Engineering Estimates & Rate Analysis.
- Taking off Quantities & BOQ Preparation.
- Preparation tender and contract documents.
- Submission & Verification of Bills.
- Coordination with client & consultant.
- Settlement of contractual claims.
- Submitting regular budget reports.
- Preparation of payments for Subcontractors and Suppliers.
- Maintain Systematic Project Documentation and all other Pre-Contract Quantity Surveying Aspects.

Site Engineer

SWN Construction Company | Lahore

Aug 2023 – Jun 2024

- Prepare and review technical specifications, BOQs and Drawings.
- Quality Control and supervision of works.
- Assist PM in monitoring of work.
- Manage site work, org of activities and supervision.
- Ensure that all documentary requirements (BBS, CR) for construction activities have been initiated/completed.
- Managing overall Site activities.
- Computation of Quantities as per drawings & as per Site.
- Ensuring project meet legal and quality standards.
- Coordination with client & consultant.
- Dealing with Sub-contractors.
- Managing Site Procurements.

TOOLS

- AutoCAD
- PlanSwift
- MS Excel
- MS PowerPoint
- Primavera P6
- ETABS & SAP 2000
- MATLAB
- ABAQUS
- STAAD Pro
- MS Project
- Google Earth Pro

SKILLS

- Planning and Scheduling
- Design of concrete structures
- Design of steel structures
- Cost estimation of project
- Construction Knowledge
- Project Management
- Interpersonal Communication
- Problem Solving
- Risk Management
- Time Management
- Continuous Learning

LANGUAGE

- English
- Urdu
- Punjabi
- Rangri

REFERENCES

- Available upon request

Estimation Engineer

Swift Estimator | Remote

Nov 2023 - June 2024

- Estimate quantities, surface areas, volumes, etc. and perform all quantity take-offs for assigned scope of work.
- Compile the Base-Bid with description based on the quantity take-offs and accordance to CSI MasterFormat .
- Prepare the RFIs

Internee

Pakistan Engineering Service (PES) | Lahore

Aug 2022 - Sep 2022

- Worked in Structural Design Section on Design of Concrete Structures like Design of Slabs, Beams, Columns, Retaining Wall, Foundations and also on shear wall.
- Designed the pre-stressed girder, a slab system as a bridge deck, abutments and foundation of Bridge.
- Studies the Construction Drawings and analyzed structures using SAP 2000.

Internee

Premium Engineering | Lahore

April 2021 - June 2021

- Worked in the Planning and Scheduling Department on initiate, prepare and developed project.
- Plans and schedule according to standards, contract specifications and accepted Project.
- Management practices.
- Developed major milestone activities and established a well-defined WBS.
- Detailed work plans, critical activities, planned/progress S-Curves, Budget Histogram, Resource Histogram.

PROJECTS

Execution & Completion of;

- Butt Karahi Plaza - New Lahore City.
- Zaitoon City Villas
- Zaitoon Life-Style - Main Entrance Gate.
- Zaitoon - Monument

(During Graduation)

- Analyzing the effect of polypropylene fiber on flexural response of hollow concrete beams (Final year project).
- Planning and Scheduling of a four stories Commercial Plaza.
- Structural design of Commercial Plaza.
- Quantity surveying and cost estimation of construction project.
- Design of a steel bridge using ETABS
- Architectural and structural design of Hostel usnig AutoCAD and SAP2000
- Designed a Stromwater drainage system for a new development.
- Design of sewage treatment plant for Okara cantonment.
