Why Choose Me for Your Cost Estimation and Material Takeoff?

As a professional Civil Engineer with extensive experience, I have worked on over projects across the USA, UK, and Canada. I specialize in accurate material takeoff and cost estimation using Planswift, RSmeans and Excel. My expertise covers all 50 CSI trades, including Concrete, Masonry, Drywall, and Framing.

Why Work With Me?

- **Broad Experience:** Extensive knowledge across diverse trades and regions.
- **Precision:** Detailed quantity takeoff and cost estimation based on RSMeans.
- **Professional Reports:** Receive precisely formatted Quantity Takeoffs and Markup Drawings in PDF for clear verification.
