Profile

I am a civil Engineer with a strong technical background and great project management skills, and Quantity Surveying skills. I immensely enjoy the process of deriving analytical thinking for problem-solving. I am always keen to explore new opportunities.

Professional Experience

SITE ENGINEER, Etimad Real Estate Advisor & Builders 🔗

Jul 2024 – present
Sialkot, Pakistan

- Performed site test for material inspections
- Undertaking technical and feasibility studies including site investigations
- Managing budgets and project resources.
- Preparation of BBS for structural elements.
- Proper management of materials and workmanship
- Ensure that all the works meets the stipulated quality standards
- BOQpreparation of civil works

SITE ENGINEER, A.A Contractor & Builders 🔗

Jun 2023 – Jul 2024
Sialkot, pakistan

- Supervised the site labor force.
- Resolved the technical problems in coordination with the designer.
- Prepared daily logs.
- Performed site test for material inspection.
- Determined the project quantity surveying & cost estimation.
- Monitored project progress & status reports compilation.
- Evaluated the construction activity schedules.

CIVIL ENGINEER, Chenab Builders & Developers

Jul 2022 – Oct 2022
Sialkot, Pakistan

- Resolved emerging problems within the project.
- Managed budget & procurement.
- Handled risks including cost, material, equipment, delays.
- Maintained project documentation & payment records.

Education

BSc Civil Engineering Technology , <i>university of sialkot</i>  final Grade : 3.74 / 4. Thesis: Investigation of mechanical properties of fly-ash-based geo-polymer concrete by varying NaOH molarity, AA/FA, and Na ₂ SiO ₃ /NaOH	Sep 2020 – Jul 2024 Sialkot, Pakistan
FSC Pre-Engineering , <i>Superior Group of Colleges</i> Final grade: 76% / 100%.	Aug 2018 – Jul 2020 Sialkot, Pakistan
Matriculation in Science , <i>Govt High School Peerochak</i> Final Grade 84% / 100%.	Mar 2016 – Apr 2018 Sialkot, Pakistan

Skills

Bar Bending Schedule Prepared BBS of Slab, Beams, & Columns.	Quantity Surveyor Estimation of Construction Material
Communication Soft skills, leadership	Microsoft Office Word, PowerPoint, and Excel
Team Leading Team work, Problem solving	project Management Site handling, labor management

Courses

Environmental Management System Awareness Iso 14001: , <i>The Knights of safety</i>	May 2023 – May 2023 united kingdom
Personal Protective Equipment Awareness , <i>The Knights of Safety Academy.</i>	Jun 2021 – Jun 2021 united kingdom
Health and Safety Induction. , <i>The Knights of safety academy.</i>	Apr 2021 – Apr 2021 united kingdom
EXCEL Crash Course. , <i>corporate finance institute (CFI).</i>	Dec 2020 – Jan 2021 United States
Construction Safety & Management , <i>coursera</i>	Mar 2022 – Apr 2022 United States
Auto-Cad 2D & 3D , <i>DigiSkills</i>	May 2022 – Aug 2022 Sialkot, Pakistan

Research Interest

Concrete Technology, Construction Project Management, Carbon Footprint, Environmental Sustainability, Urban development, Structural analysis, Geotechnical Engineering, Construction Technology & Management, Sustainable Construction.

Membership

CE-Institution of Civil Engineering, *student membership*

Jan 2021 – present
united states

The American Society of Civil Engineers (ASCE),
student membership # Reference Number: 1046634629

Dec 2020 – present
united states

Projects

Exploring the Influence of NaOH Molarity, AA/FA, and Na₂SiO₃/NaOH Ratios on Mechanical Properties of Fly-Ash Based Cementless Concrete: An Investigative,
Produced concrete with 0% cement in it.
