

Saqib Nawaz

Nationality: Pakistani **Date of birth:** 22/01/1999 **Gender:** Male **Phone:** (+92) 3075340918

Email: Saqibmf7@gmail.com **LinkedIn:** <https://www.linkedin.com/in/engr-saqib-nawaz-903075291/>

Home: P/O Uchhali, Naushera, District Khushab, 41150 Khushab (Pakistan)

ABOUT MYSELF

I am an Electrical Engineer with a strong background in electrical estimation, specializing in using advanced software like PlanSwift and Bluebeam to deliver precise and efficient project takeoffs. With experience in both commercial and industrial projects, I am dedicated to providing high-quality, detail-oriented work. My passion for problem-solving and my commitment to staying updated with the latest industry trends enable me to contribute effectively to any team. I am eager to bring my expertise to a dynamic organization where I can help drive successful project outcomes.

WORK EXPERIENCE

Electrical Estimator

G4S Digital Solution [04/2024 – Current]

City: Lahore | **Country:** Pakistan

- Conduct detailed quantity takeoffs for electrical systems using software like PlanSwift and Bluebeam.
- Analyze construction drawings and specifications to prepare accurate electrical takeoffs.
- Collaborate with project managers, engineers, and clients to ensure alignment on project requirements.
- Develop and maintain databases, ensuring up-to-date information for materials and labor.
- Prepare bid proposals and present project estimates to stakeholders. - Review and validate takeoffs prepared by subcontractors and suppliers.
- Identify efficiency opportunities and provide value engineering suggestions.
- Track and manage multiple estimation projects simultaneously, meeting tight deadlines.
- Assist in post-project evaluations to compare initial estimates to actual project outcomes.
- Maintain thorough documentation of all estimation processes and project details.

Trainee Engineer

Creative Electronics & Automation [17/01/2023 – 17/04/2023]

City: Islamabad | **Country:** Pakistan | **Name of unit/department:** Electronics - **Business/sector:** Electricity, gas, steam and air conditioning supply

- Assisted in the design, development, and testing of innovative lighting products, focusing on both functionality and energy efficiency.
- Supported the engineering team in the production process, including assembly, quality control, and troubleshooting of lighting systems.
- Participated in site surveys and feasibility studies to gather requirements and ensure alignment with project specifications.
- Contributed to the optimization of manufacturing processes by identifying areas for improvement and implementing best practices.
- Engaged in hands-on tasks related to the installation and calibration of lighting systems, ensuring adherence to technical standards and client requirements.
- Documented technical processes and updates, maintaining detailed records of engineering activities and product performance.
- Collaborated with cross-functional teams to enhance product designs and resolve technical issues effectively.

Electrical Engineering Intern

Fatima Group Of Companies [31/07/2021 – 11/09/2021]

City: Rawalpindi | **Country:** Pakistan | **Name of unit/department:** Electrical - **Business/sector:** Electricity, gas, steam and air conditioning supply

- Assisted in the design and implementation of electrical systems and controls for spinning machinery, focusing on improving operational efficiency and reliability.
- Supported the engineering team in troubleshooting electrical issues, performing diagnostics, and implementing corrective measures to minimize downtime.
- Conducted inspections and routine maintenance of electrical components, including motors, sensors, and control panels, to ensure optimal performance.
- Assisted in the development and review of electrical schematics and wiring diagrams for new installations and modifications.
- Participated in the calibration and testing of electrical systems to ensure compliance with safety and performance standards.
- Documented electrical system configurations, maintenance activities, and project progress, providing detailed reports to senior engineers.
- Gained exposure to industry-specific electrical practices and safety protocols within a manufacturing environment.

EDUCATION AND TRAINING

Bachelor's In Electrical Engineering

The University Of Lahore [01/10/2018 – 30/09/2022]

Address: 1-KM, Raiwind Road, Thokar Niaz Baig, Lahore, 55150 Lahore (Pakistan) | **Website:** www.Uol.edu.pk | **Field(s) of study:** Engineering, manufacturing and construction: • Electricity and energy • Electronics and automation | **Final grade:** 3.50/4.00 | **National classification:** Bachelor of Science in Electrical Engineering | **Type of credits:** Hours | **Number of credits:** 136 | **Thesis:** Power Generation Using Piezoelectric Energy Harvesters

Main Subjects:

Linear Circuit Analysis, Digital Logic Design, Electronic Devices and Circuits, Power Electronics, Linear Control System, Power System Protection, Power System Analysis, Digital Signal Processing, Power Distribution & Utilization.

Occupational Skills:

Arduino, Matlab (Programming), C++, Python
Autocad, Multisim, Proteus, Power World Simulator, Matlab Simulink (GUI Based)

Intermediate Certificate (Pre-Engineering)

Fauji Foundation College, Naushera [02/05/2016 – 29/06/2018]

Address: P/O Naushera, District Khushab, 41100 Khushab (Pakistan)

Secondary School Certificate(Science-Group)

Green Valley High School Uchhali [03/03/2014 – 31/05/2016]

Address: P/O Uchhali, District Khushab, 41150 Khushab (Pakistan)

PLC & SCADA

Sina Institute of Networks and Aesthetics [01/01/2023 – 01/03/2023]

City: Islamabad | **Country:** Pakistan | **Website:** <https://sina.edu.pk/>

DIGITAL SKILLS

Electrical Estimation / Planswift / Microsoft Excel / Microsoft Office / PLC & SCADA / Design Thinking / AutoCAD / Effective Presentations / Freelancing / Graphic Design / Bluebeam

HONOURS AND AWARDS

[16/03/2023] The University of Lahore
Silver Medal

[10/01/2023] Pakistan Engineering Council
Registered Engineer Certificate

[16/03/2023] The University of Lahore
Certificate of Excellence

CONFERENCES & SEMINARS

[14/10/2023] Online
New Trends in PV Tecnology Pakistan Engineering Council (PEC)
Energy Training And Research Center (ETRC)

[13/07/2023] Online
Advanced Numerical Techniques (FLAC) Pakistan Engineering Council (PEC)

[23/06/2023] Online
Chat GPT and Professional Integrity Pakistan Engineering Council (PEC)

[26/05/2023] Online
Solar & Wind Power Potential in Pakistan Pakistan Engineering Council (PEC)

LANGUAGE SKILLS

Mother tongue(s): Punjabi | Urdu
Other language(s): English

HOBBIES AND INTERESTS

Book Reading
Playing Volleyball
Watching Historical Documentaries

RECOMMENDATIONS

Name: Dr. Muhammad Riaz | Assistant Professor
Department of Electrical Engineering, The University of Lahore
E-mail: MUHAMMAD.Riaz@es.uol.edu.pk | Phone number: (+92) 3335229196

Name: Dr. Amad Zafar | Associate Professor
Department of Electrical Engineering, The University of Lahore
E-mail: Amad.Zafar@ee.uol.edu.pk | Phone number: (+92) 03336132532

Thank you for your consideration.
