Islamabad, Pakistan

SUMMARY

Recent Civil Engineering graduate with a strong foundation in transportation engineering principles, including road design, traffic flow analysis, and infrastructure development. Proficient in industry-standard software such as AutoCAD, Revit, Primavera P6, with hands-on experience in project planning, surveying, and material testing. Adept at collaborating with multidisciplinary teams to ensure efficient and safe transportation solutions. Eager to apply technical knowledge and problem-solving skills to contribute to innovative infrastructure projects.

EDUCATION

Bachelor's Degree of Civil Engineering

Military College of Engineering, NUST

10/2020 - 08/2024

SKILLS

Autodesk Revit

Site Management

Surveying and Leveling Techniques

Material Testing and Quality Control

Basic Construction Knowledge

STRENGTHS

Transportation Engineering

Appreciable at Road Construction Projects

Technical Proficiency

Considerable knowledge at structure and design loads

PROJECTS

Crumb Rubber And Epoxy Modified Pavement

09/2023 - 08/2024 Risalpur Cantonment, Pakistan

Final Year Project

- Design amendments for making asphalt
- Reuse of waste products in asphalt (waste tires)
- Increase in modulus resilience of asphalt up to 5500 psi
- Minimizing the effect of toxic gases on the environment from burning tires

Architectural Plan & Model

09/2022 - 10/2022 Risalpur Cantonment, Pakistan

Term Project (Computer-Aided Civil Engineering Design and Graphics)

- Complete executional plan and model of a 4000 sq ft residential house
- Generating complete 2D plan
- Drafting 3D model with finishing

LANGUAGES

English

Urdu

Native

EXPERIENCE

Intern

Military Engineer Services

08/2023 - 09/2023 Risalpur

Construction

- Practical application of academic knowledge
- Gone through specifications and drawings
- Studied Bill of Materials (BOMs)
- Gained knowledge on G+3 building construction

Intern

Military Engineer Services

08/2022 - 09/2022 Risalpur

Construction

- Acquired practical knowledge of grey structure including specifications and formwork
- Gone through specifications and drawings
- Observed technical application of Quantity Survey (QS)
- Gained knowledge on G+4 building construction
