● ABOUT MYSELF

Detail-oriented Civil Engineer with hands-on experience in site supervision, project management, and digital design. Proficient in engineering software including AutoCAD, Revit, and Civil 3D, with a strong foundation in construction quality assurance, cost estimation, and environmental assessments. Skilled in leveraging digital tools like Primavera P6 and MATLAB for efficient project execution. A proactive team player with proven expertise in social media marketing and content creation. Recognized for research on piled raft foundations and commitment to community service through impactful medical and outreach initiatives.

● WORK EXPERIENCE

01/08/2021 – 30/11/2021 Peshawar, Pakistan

TRAINEE RESIDENT ENGINEER GREEN OAKS RESIDENCIA

- Conducted site visits and inspections to monitor project progress, ensuring compliance with design specifications and safety standards.
- Assisted in preparing project documentation, technical reports, and environmental assessments.
- Collaborated with senior engineers and project managers to analyze design proposals and construction methods.
- Utilized engineering software like AutoCAD, Revit, and Civil 3D to develop and modify designs.
- Supported in cost estimation, project budgeting, and materials procurement processes.
- Participated in team meetings and provided technical input to optimize project efficiency and delivery.

01/12/2022 – 31/12/2023 peshawar, Pakistan

TRIANEE SITE ENGINEER M/S SPECTRA ENGINEERING SOLUTIONS (PVT.) LTD

- Conduct thorough inspections of construction sites, materials, and installations to ensure compliance with building codes, regulations, and project specifications.
- Maintain detailed records of inspections, test results, and any deviations from standards or specifications, and prepare comprehensive reports documenting findings.
- Monitor construction processes to ensure that quality standards are being upheld at every stage of the project, verifying that construction methods, techniques, and materials meet prescribed standards.
- Collaborate with project managers, engineers, contractors, and other stakeholders to address quality related issues and ensure that corrective actions are implemented promptly.
- Participate in quality improvement initiatives by providing feedback on processes, procedures, and standards, and identify opportunities for enhancing quality, efficiency, and safety within the construction project.

20/01/2024 – CURRENT peshawar, Pakistan

DIGITAL MEDIA DESIGNER FIVER

- Develop and implement social media marketing strategies to increase brand awareness, drive traffic, and generate leads or sales.
- Create engaging content across various social media platforms, including text, images, videos, and interactive elements, tailored to the target audience and brand identity.
- Monitor social media channels for mentions, comments, and messages, and engage with the audience in a timely and authentic manner.

- Analyze social media metrics and insights to evaluate the performance of campaigns and optimize strategies for maximum impact and return on investment.
- Stay updated on industry trends, algorithm changes, and best practices in social media marketing, and adapt strategies accordingly to maintain a competitive edge.
