EDUCATION

Pakistan Institute of Engineering and Applied Sciences (PIEAS)

Bachelor's

Islamabad

2020 - 2024

Relevant Courses: PTDU, PSA, PSP, PG, HVE, EM and PE

Leeds School and College

Dera Ismail Khan

FSc (Pre-Engineering)

2018 - 2020

Marks: 926/1100 (84%)

Overseas Pakistani Foundation

Dera Ismail Khan

Matric (Science)

2016 - 2018

Marks: 950/1100 (86%)

WORK EXPERIENCE/INTERNSHIP

- **Electrical Estimation Engineer – Smart Bid Solution, Lahore** June2024 – Present
Conducted detailed electrical estimates and cost analysis for projects through Plan Swift, Bluebeam & Conest Software. Reviewed and interpreted technical drawings, specification and scope of work. Collaborated with engineering team to align project requirement. Provide accurate and timely estimate. Ensured compliance with industry standards and client specification in all estimation process.
- **Internship – Nilor 132 kV Grid and P&I Division, IESCO** July2023 - Aug 2023
Gained comprehensive knowledge of substation operations, including relay maintenance, circuit breaker functionality, transformer inspections, and bus configurations. Observed transmission line design and construction practices.
- **Lab Assistant at PIEAS University** Feb2024 - June2024
Assisted in Circuit Analysis labs, aiding students with experiments and troubleshooting, operating oscilloscopes and multimeters, and collaborating on lab activities. Recognized for dedication and effective academic support.
- **Internship - PTCL** June2022 - July2022
Customer Relationship Management (CRM), Main Distribution Frame (MDF), Digital Subscriber Line Access Multiplexer (DSLAMs) & Optical Fiber Cable

EXTRACURRICULAR & VOLUNTEER EXPERIENCE

- **Muaawin**
Worked as Mentor Sep2020-June2024
Founder and Director of Muaawin-e-Ujala Domain Dec2020-June2024
Head of the D.I. Khan Chapter April2023-Present
Head of Ramazan Aftar/Ration Drive (D.I. Khan). 2022 & 2023
- **IEEE**
Head of Security Team Sep2023-June2024
Facilitator- Visit to 132 kV Grid Substation Nilore Nov2023

PROJECTS & CERTIFICATIONS

- Short Circuit Analysis & Protection Scheme Design of a Microgrid (Final Year Project),
- Designing of Electrical Connections of Home using LtSpice Software,
- Designing of Audio Amplifier
- Leadership and Management (Course), Project Management (Course)

SKILLS

ETAP 21.0.2, Power Word Simulator, MATLAB, Simulink, LtSpice, Proteus, Plan Swift, Blue Beam, Conest, MS Word, MS Power Point, Leadership, Communication, Problem Solving, Multi-Tasking
