

Muhammad Roshan Azam

Civil Engineer (PEC-Registered)

Address: Mehran Hotel, Ambriya Municipal Amana,
Madina.

E-mail: Roshan.azam46@gmail.com

Mobile # +966508961913 (Whatsapp)

SUMMARY:

- Seeking a job as a Civil Engineer, where I can use my knowledge and experience to serve the company/country for achieving its goals of excellence.
- Graduate of Washington accord accredited bachelor's in civil engineering program. Backed by successful internship experience and knowledge of engineering theories, principles, specifications and standards.
- Ability to develop 3D models to design site layouts from concept through completion. Proficient user of Auto Cad Civil 3D .

TECHNICAL SKILLS:

- | | |
|---------------------|--------------------------------|
| • Auto Cad | • Communication and group work |
| • MS Word and Excel | • Data analysis |
| • MS Power point | • Problem solving |
| • Google earth | • HECRAS |
-

WORK EXPERIENCE:

Planning & FEDC Engineer at DESCON PVT. LTD.

(From July 2021 to Current)

Construction of Mohmand Dam 800MW Hydro Power Project

- Review of Design Drawings and Shop Drawings of:
 - (a) Spillway, Stilling Basins, Spillway Chutes
 - (b) Irrigation Tunnels, Canals, and ancillary structures which Include Super Passages , Drainage Culverts , Head Regulators , Foot Bridges, Village road Culverts
 - (c) Structural , architectural and External Development drawings of buildings and roads(WAPDA Colony).

- Supervision of CAD Operator's Team for preparation of the drawings.
- Highlighting variation in construction drawings against bid drawings.
- Correspondence with Owner's Engineer for resolution of design issues.
- Site inspection to ensure design control construction.
- Maintaining of IFC and Shop Drawings Data for Internal Record.

Junior Engineer at PWRM – HILL TORRENT Consultants

(From February 2021 to to June 2021)

Detailed Design for Harnessing of Hill Torrents in D.G KHAN & RAJANPUR

- Performed Different function on Auto Cad Civil 3D which includes Contour Data Extraction, Quantification
- Worked On HEC-RAS software and run different steady flow models of Hill Torrents
- Learnt Different Features of ArcGIS
- Study on Geotechnical Investigation
- Visited the Field Area and worked on Google earth for proposed dam Site
- Make different cross sections of Nullahs in Command Area of Hill Torrent.

Trainee Engineer at NESPAK (January, 2021 to February, 2021)

- Learnt the basics of hydraulic modeling, need and scope in water resources engineering and filed applications
- Hands-on practice on HEC-RAS built-in modeling examples
- Modeling river on actual survey data: translation of river geometry from field survey in to the model, river roughness coefficients, steady and unsteady flow simulation (basic), model runs and results interpretation.

Internship at Jalalpur Irrigation Project (Nov, 2020 to Dec, 2020)

Creation of new non-perennial irrigation services for enhanced agricultural production on 79,750 ha in Pind Daden Khan and Khushab districts

- I learnt basics about cross drainage structures that include Syphons, Super Passages, Aqueducts, Culverts.
- I reviewed the detailed design and cross sections of these

structures.

Internship with Trimmu-Panjnad Barrages Consultants

(From June, 2019 to July, 2019)

REHABILITATION OF TRIMMU & PANJNAD BARRAGE

PAKISTAN June, 2019-July, 2019

- Gained basic information and knowledge of Trimmu Barrage (Jhang) and Panjnad Barrage (Alipur, Distt Muzaffargarh)
- Guided by the Resident Engineer about the plan and sections of the barrage with its components.
- Objectives and Scope of the rehabilitation and upgrading works at both barrages particularly with reference of capacity enhancement.
- Observed placement of shuttering for bridge over additional bays.
- Witnessed Cutting and Bending of Steel Reinforcement of retaining walls of junction groynes.
- Observed cutting and driving of Sheet Piles.
- Observed pier construction of additional bays.
- Observed finishing and curing of concrete.
- Performed Slump Test & Compressive Strength Test.
- Visited the field laboratories equipped with different Apparatus.
- Visited the Batching Plant (100 cubic meter) and witnessed its operation in presence of the JE.

ACADEMIC QUALIFICATION:

Qualification	Institute	Year of Passing
B. Sc. Engg.(Civil)	University of Lahore, Lahore	2020
F. Sc. (Pre-Engg.)	Punjab College of Sciences, Gujranwala	2016
Matriculation	Allied School Daska, Sialkot	2014

COURSE PROJECTS:

- Architectural design of compact city
- Design of combine sewer of Bahria town Lahore block A, Lahore, Pakistan
- 3D design of Emporium mall
- Quantity survey estimation of a double story residential house

- Designed plans for residential homes
 - Drinking water analysis of Kasur city, Pakistan
 - Sewage and drinking water analysis of university of Lahore
 - Environmental impact assessment of metro train, Lahore, Pakistan
 - Design of waste water treatment plant of canal view block D, Lahore
 - Survey of accidents at Jail road underpass, Lahore
 - Survey of traffic flow of mall road, Lahore
- **FINAL YEAR PROJECT AT UNIVERSITY OF LAHORE:**
CONSTRUCTION 4.0: TRENDS, BENEFITS, RISKS, CHALLENGES
& OPPORTUNITIES IN CONSTRUCTION INDUSTRY OF PAKISTAN

ACHIEVEMENTS

- Served Society of Civil Engineering (SOCE) as General Secretary
- Got Laptop under youth initiative program on Matric Base
- Got 1st Position in Naat & Debate Competition

HOBBIES: Hiking, Sports (Cricket), Travelling
