Sajid Umer

SKILLS.

- Material Takeoff
- Quantity Surveying
- Interior Designing
- Architectural Walkthroughs
- 3D Modeling & Renderings

SOFTWARES.

- Planswift
- Primavera P6
- MS Project
- Twinmotion
- Revit
- SketchUp
- AutoCAD 2D/3D

CERTIFICATIONS.

- Certified from PEC
- Diploma in Structural design & Building Practice (in progress)
- Project Planning & Control
- Oracle Primavera P6 Professional
- Diploma in Islamic Studies

LANGUAGE.

- English
- Urdu

OBJECTIVE.

To obtain a position in a reputable organization in order to apply my engineering knowledge & diversify my skills in the construction industry that are going to be profitable for the organization and beneficial for me as well.

EXPERIENCE.

Highland Builders & Constructors

Quantity Surveyor

(Joining Oct 2023)

Managing BOQs, bar bending schedules & sub-contractor bills for high rise buildings of The Court Height, The Court Twin Tower & The Court Regency using Planswift, AutoCAD, & MS Excel.

Al-Rauf Builders

Quantity Surveyor & Site Engineer

(Jan 2023-Oct 2023)

Prepared BOQs, bar bending schedules for projects like Al-Rauf Sky Tower and Al-Rauf North Vista using MS Excel, Planswift & AutoCAD. Oversaw on-site construction, particularly focused on monitoring activities at Al-Rauf Gold Raas.

QS Consultants & Bunyad Associates

Junior Quantity Surveyor

(Oct 2022-Jan 2023)

Applied Quantity Surveying skills for Al-Ghafoor and Abaseen projects, conducting Material Takeoff and estimating quantities. Acquired expertise in RICS standards for work cost estimation and developed elemental cost plans.

Abaseen Construction Company (PVT)

Site Engineer

(Nov 2020-Jan 2021)

Worked as an intern during construction of multiutility tunnel at Agha Khan Hospital where I learned about excavation, piling, safety and other construction work along with the handling of live utility lines.

Freelancer

CAD Operator & Pre-Construction Services

Freelance CAD operator specializing in AutoCAD 2D and 3D, offering services in 3D modeling with Revit, SketchUp, and Coohom on platforms like Fiverr, Upwork, and Freelancer. Additionally, introducing 3D Gantt charts in management.

FINAL YEAR PROJECT.

Concepts & Designs of the Self-Sustaining Community.

Examined worldwide standalone technologies across sectors, from shelter to power generation, transportation, and water management, then integrated them to develop a self-sustaining community model in the project.

QUALIFICATION.

NED University

Civil Engineering specialized in Urban planning

(2022)

Delhi College

Intermediate (HSC)

(2018)

Metropolitan School

Matriculation (SSC)

(2016)
