PROFESSIONAL SUMMARY

I am currently pursuing a bachelor's degree in civil engineering technology at the National University of Technology, with valuable experience gained through internships at renowned construction firms. I have expertise in project estimation, site supervision, project management, sustainability, and Building Information Modeling (BIM) design. I successfully completed US-based estimation projects using Bluebeam software and real-time estimation projects in Pakistan using Plan Swift software. I am highly skilled in Revit and Civil 3D for creating precise 3D models, designs, and construction documentation, with proficiency in Primavera P6, AutoCAD, and Plan Swift, enabling me to deliver efficient and accurate results for diverse construction projects.

EDUCATION

Degree	Institution	Year Completion	Percentage
Bachelor of Engineering Technology, Civil Engineering	National University of Technology, Islamabad	2021-2025 (Present)	3.48/ 4.0 (CGPA)
Diploma of Associate Engineering (Civil Technology)	Construction Technology Training Institute Islamabad	2020	88%
Matriculation (Science)	FG Public school Mahfouz Road Rawalpindi	2017	77%

INDUSTRIAL EXPERIENCE

Industry Name	Company	Skills Acquired	Duration	Grade
Transportation Infrastructure Industry	Capital Smart City, Islamabad	- Surveying - Lab Testing - Geometric Design of Highway - Visits to Railways, Airports and Bridges	29/08/2022 – 28/10/2022	B
Building Construction Industry	Capital Smart City, Islamabad	- Building Construction - Building Estimation - Estimation softwares	28/08/2023 – 27/10/2023	A
Summer Paid Internship as site Engineer	Jameel construction firm	- Site supervision - Material Estimation - Quality Assurance - Bar Bending Schedule - Concrete Mix Design	01/07/2024 – 16/08/2024	Certificate
Special Infrastructure Industry	Capital Smart City, Islamabad	Explore Dams, Hotels and Hospitals	19/08/2024 – 11/10/2024	A

		- Attend Webinars on Tunneling, Estimation and Water Conveyance System - Civil 3D, Bluebeam, QGIS, Water gems
