Rahim Yar Khan, Pakistan

SUMMARY

I am a motivated Civil Engineer with a focus on precision and a strong passion for addressing construction challenges. With practical experience gained from hands-on involvement in design work and real-world projects, I have developed strong project coordination skills to improve timelines, costs, and quality. My technical skills, creative thinking, and problem-solving approach are aimed at contributing effectively to your projects, and I am eager to bring fresh energy to support your team's objectives and deliver successful outcomes.

EXPERIENCE

Trainee Engineer

DELTON CONSTRUCTION COMPANY LAHORE

06/2023 - 08/2023 Lahore, Pakistan

- During my experience with construction projects, I gained practical skills in forecasting costs, quantities, and budgeting for equipment, manpower, and labor. I was responsible for managing project-related documentation, including engineering reports, blueprints, and maps.
- Additionally, I participated in site surveys alongside senior engineers, analyzing data to facilitate the execution of civil engineering tasks. I also gained insight into site safety norms, learning about best practices for equipment use and workforce safety. This hands-on experience allowed me to apply my academic knowledge while honing my organizational, analytical, and safety management skills, which I am eager to contribute to your organization.

EDUCATION

Bachelor's Degree in Civil Engineering

Khawaja Fareed University of Engineering and Information Technology

09/2020 - 06/2024 Rahim Yar Khan

GPA

3.80 / 4.0

Intermediate

Punjab Colleges

03/2018 - 06/2020 Rahim Yar Khan

PCT

91.6 / 100

Matriculation

Govt. Boys High School Chak 100/P

03/2016 - 02/2018 Rahim Yar Khan

PCT

94.6 / 100

SKILLS

ETABS

AutoCAD

Revit

MS Project

MS Office

Project Coordination

Detail Oriented and Problem Solving

Team Work & Effective Communication

Critical Thinking & Decision-Making

FINAL YEAR PROJECT

Comparison of RCC & Composite Structures at various building heights

09/2023 - 05/2024

- We used ETABS software to Analyzed using Advanced Construction Techniques on RCC and Composite Structures at 15, 30 and 45 storey buildings and prepare a project report on it.

TRAINING / COURSES

AutoCAD

3 months course by Virtual University (Digiskills)

LANGUAGES

English

Intermediate

Urdu

Proficient

KEY ACHIEVEMENTS

Laptop Award

Prime Minister youth laptop scheme
