

# Ravinder Gupta

**Project Control Engineer & Digitalization Lead**

**Delhi, India | Mobile: +91 7053543705 Email: office.ravindergupta@gmail.com**

Young Professional with expertise in Digital Transformation in Construction Project Management and Building Information Modelling (BIM). Proven ability to excel in high-pressure and high-performance environments. Skilled in Building Information Management, Virtual Design Construction, and optimizing construction processes. Experienced in both Brownfield and Greenfield Airport Projects, with a strong focus on Value proposition and optioneering in Construction Projects and Public Works. Committed to contributing to the development of Environmentally Friendly and Cost-Effective Infrastructure Solutions.

## WORK EXPERIENCE

### 1. Tata Projects Limited

#### Project Control Engineer & Digitalization Lead

**Jan 2024 - Present**

- Establishing Project monitoring and controlling trackers for Workfront availability for Primary & secondary steel structure erection, Façade works, Roofing system, Airport systems and VHT system.
- Micro level progress tracking for various packages i.e., Design consultants, Procurement, and Construction.
- Budgeting and controlling budget for digitalisation initiatives implemented on project.
- Updating project progress in Primavera P6, KPI and milestone analysis for balance works and share forecast dates for Monthly Progress Reports.
- Determine project percentage completion using Percentage of Completion Method with weightages.
- Coordinate the implementation & commercials of the project's digital delivery plans such as 360-degree site progress photographs on OpticVyu, Real-time construction monitoring with AI-powered site cameras by OxBlue (Part of Hexagon), Quarterly Satellite imagery of project site and monthly progress video reports by Drone videography.
- Leading 4D & 5D BIM modelling of the project, monitoring project progress using BIM and generating integrated 4D & 5D BIM Plan Vs Actual Reports on Bentley Synchro 4D Pro platform.
- Develop 4D BIM simulation for micro level catch-up plans by model-based activity planning and generate customized Plan Vs Actual reports on weekly basis for the weekly progress review meetings.
- Creating 3D BIM content for presentations
- Automation in BIM i.e. created BIM workflow for supporting Level 2 maturity level of 4D & 5D BIM Planning which enabled auto assigning of 3D resources and tasks in schedule as well as the automated the process of taking schedule update from P6 XML, also model based quantification using Autodesk Dynamo.

### 2. GKC Consultants OPC Private Limited

#### Project Coordinator – 4D/5D BIM & VDC

**Dec 2022 – Jan 2024**

- Responsible for Implementation of 4D & 5D Building Information Modelling at site.
- Support the Digitalization and Project controls team in understanding the usage of deliverables from BIM tools.
- Involved with clients from Request for Proposal (RFP) to the Implementation stage.
- Co-ordination between the Design, Project Planning, and Project Controls teams for successful implementation of 4D & 5D BIM in the project which includes preparation of 4D & 5D models, generating monthly Plan Vs Actual video reports, Look Ahead reports and 4D & 5D simulation.
- Process consulting and advisory for the Project Digitization Initiatives.
- Defined process for Digital Project Delivery. Prepared workflows for 4D & 5D BIM Data production. Sited common standards and processes. Assisted client in preparation of workflow to support Employer's Information Requirements (EIR) delivery.
- Prepared quality review and assurance process.

#### Digital Transformation Consultant

**July 2022 – Dec 2022**

- Responsible for visiting the professionals in Corporate, Architect Firms, and PMCs to brief them about the software solutions and services and identify customers' key business concerns.
- Performing technical presentations to clients; explaining technical capabilities & and business benefits of solutions to the customer from engineering level to senior executives.
- Planning and preparing pitches & and proposals, participating in pricing and work order negotiations.
- Intercommunicate with C-suite executives including the Chairman, Directors, CEO, CFO & and COO in prospective organisations to ascertain requirements, deliver need-based software solutions and services, and cultivate relationships with them to secure repeat business.
- Organizing specific campaigns to create & and maintain high levels of customer interaction; propelling customer service levels by anticipating customer future requirements, thereby ensuring a positive customer experience.

#### **4D BIM / Techno Commercial Consultant**

**April 2022 – July 2022**

- Prepared case studies for BIM Implementation.
- Responsible for doing a technical presentation for client meetings.
- Helped sales team with strategic planning & and lead generation activities.
- Accomplish Bentley Synchro 4D Pro, Primavera P6, Microsoft Projects, ISETIA (BIM, CDE, CPM) & Project Management-related pieces of trainings.

#### **3. Efficiently Global Solutions Private Limited**

##### **Construction Estimator**

**October 2021 – April 2022**

- Committed soft skill development program and assessment for self-development and career advancement. Completed the US Construction Basics learning pathways and weekly assessments as assigned by the training manager.
- Developed knowledge of various aspects of US construction basics including foundations, house framing, roofing, window, and door frames, MEP, HVAC, insulation, floor coverings, interior finishing, brick and stone, exterior finishing, cabinetry, and residential and floor plan reading.
- Bluebeam Revu software training was committed, and daily assessments were completed as assigned by the team lead. Performed roofing quantity take-offs on Bluebeam Revu software under the supervision of team leaders, as well as daily assessments or projects as assigned.
- Developed knowledge of performing Roof Estimates for various roofing material scopes. Prepared detailed roofing estimates for single-family and multi-family residents. Developed understanding of edge trims, underlayment, transitions, flashing, weatherproofing, roofing types, and other roofing elements.
- Prepared detailed plumbing estimations for high-end, single-family residents, and multifamily residents. Committed plumbing estimation and identification of plumbing fixtures training as per US standards.
- Worked closely with the product development team for SaaS product, developed for Quantity Surveying. Documented bugs and offered suggestions on how to improve the product.

#### **4. SGN Universal Construction Company**

##### **Planning Engineer**

**Aug 2020 – Sept 2021**

- Worked on a Project of Jaiprakash Associates Limited, Jaypee Wish Town in Noida sector-133
- Developed and executed detailed construction plans, aligning with project goals and timelines.
- Efficiently allocated resources, including manpower and equipment, to optimize construction processes.
- Ensured adherence to construction schedules, identifying, and addressing potential delays promptly.
- Implemented rigorous quality control measures to uphold construction standards and specifications.
- Enforced strict adherence to safety protocols, promoting a secure working environment for all construction activities.

## **EDUCATION**

---

### **UNIVERSITY OF PETROLEUM AND ENERGY STUDIES**

Master of Business Administration (MBA), 2 years postgraduation degree in Infrastructure Management

- Pursuing the course for the academic session 2023-25

### **MAHARISHI DAYANAND UNIVERSITY – ROHTAK, HARYANA**

Bachelor of Technology (BTech), 4 years undergraduate degree in Civil Engineering

- Secured first position in intra-college GD competition.
- Participated in various Debate and GD completions at the intra-college level.

**Technical Skills:** Bluebeam Revu20, STAAD Pro, Autodesk Revit, Autodesk Navisworks, Bentley Synchro4D, Oracle Primavera P6, Microsoft Project, Blender, Microsoft Office365, Outlook, Microsoft Teams.

**Languages:** Professional Working Proficiency in English, Native Proficiency in Hindi

#### **Certifications:**

1. Project Planning and Control (NPTEL, IIT-Madras)
2. Bentley 4D Pro: 5D Calculations (Virtuosity)
3. Bentley Accredited SYNCHRO 4D Professional (Bentley Systems)
4. Energy-Efficient Buildings (School of Planning and Architecture, New Delhi)
5. Google Project Management Professional Certification (Google, Coursera)
6. Fundamentals of Waterfall Project Management (PMI – Kickoff)
7. Fundamentals of Agile Project Management (PMI – Kickoff)
8. Become a Project Manager (Learning Pathway by LinkedIn Learning)
9. AWP 101 – Advance Work Packaging Awareness Course (AWP University)
