CAREER OBJECTIVE

As a dedicated Civil Engineer with almost 04 years of different Construction Sites experience in Execution & Quality Control Department, my career objective is to further develop my skills and expertise in the field while contributing to impactful construction projects. I aim to take on challenging assignments that allow me to apply my technical knowledge, collaborate with multidisciplinary teams, and effectively manage project timelines and budgets. By leveraging my solid foundation in quality assurance and control, site management, and regulatory compliance. I am driven to continually enhance my proficiency in emerging technologies, sustainable practices, and project leadership, positioning myself as a trusted professional in the civil engineering industry.
