OBJECTIVE

To seek knowledge as a Civil Engineering researcher. To investigate the vast field of Engineering, new innovations, and rising patterns in Technology for learning and development, as a researcher, looking into ventures and establishments.

FINAL YEAR PROJECT:

3D Finite Element Modelling of Early Age Cracking Behaviour of Continuously Reinforced Concrete Pavement Slab

EDUCATION:

Bachelor of Science in Civil Engineering

University of Engineering and Technology (UET) Lahore Pakistan. | www.uet.edu.pk

2.815 CGPA

(2020-2024)

MAJOR SUBJECTS	• Mechanics of Materials • Structural Analysis • Steel Structure Plain and Reinforced Concrete • Engineering economy and Construction Management. • Construction Materials	• Geotech • Pavements and Foundations • Hydraulics Engineering • Hydrology • Fluid Mechanics • Transportation	• Const. and Eng. Graphics. • Numerical Analysis • Calculus • Surveying

- Here starting with grey structure, we were responsible for the furnishing of the project; Tile work and paint work etc.
- Reporting the daily expenditures via Excel Report.
- Estimating the procurement items.
- Making Bills

Completion of the project Faysal Bank Sialkot Church Road Branch.

- As a site Supervisor I was responsible for the duties as done earlier on Bhopal Wala Faysal Bank Project

• Site Supervisor at Qatalytic Engineers (3 months)

- AS a site supervisor I was responsible for the complete supervision, procurement, safety and reporting the project.

Internships:

Communication and Works Department Govt. of Punjab.

- Soil, Concrete and Bars Samples Lab Testing.
- Site supervision of buildings and Bridges.

Civil Works Organization Building project of SUPARCO.

- Understanding Drawings, BOQs and Bar Bending Schedule.
- Site supervision, Site execution and monitoring.
- Worked as Site Supervisor on the construction of SUPARCO residential building.
- Checking and verifying bill of quantities.

- Actively involved in all site tests e.g. Concrete test, slump test etc.
- Supervision of Teams in a way that there will be no clash between them.

SEMESTER PROJECTS:

- Complete Estimation of 20 Marla House (Calculations on Ms excel).
- Complete Estimation of a Plaza and showing working plan on Microsoft project.
- Drawing 20 Marla House on AutoCAD. Drawings Include: Ground and First Floor plan, Elevation, Section, Lintels and Beams plan, Gas pipeline, Drainage, Water Supply System and Sewerage plans.
- Surveying and Levelling at Abbottabad Hill Station.
- Analysis of cracks in pavements using DIANA 10.3 Software.
- Visiting Different Construction Sites.
- Design of Roof Truss.
- Modelling Building using ETAB

SKILLS & ABILITIES:

TECHNICAL SKILLS:

- Monday.com, SAP 2000, ETAB, DIANA 10.3, AutoCAD, MATLAB, Python, MATLAB.
- Microsoft Office – word, excel and power point.
- Surveying and Levelling Tools.

VOLUNTEER WORKS:

- Team Social Media Lead URAAN society working at UET for educating under previllaged Students.
- Volunteer at UET Blood Donar Society.
- Volunteer at Kare Kamal Organization for the welfare of needy People.

ACHIEVEMENTS, Honors and Awards:

- Three Months AUTOCAD Diploma Certificate by NICON Academy.
- Awarded Site Inspection Procedure CPD Course organized and sponsored by SHEIKHOO STEEL.
- Runner Up Intra University Quiz Competition organized by Pakistan Television (PTV) 2023. • Multiple times winner in Articles, Essays, Quiz and Mizah writing Inter and intra University Competitions.
- Professional Leather ball Cricket Player and team member of UET Lahore for Intra University Hard Ball Tournaments organized by HEC Pakistan.

- Selected for the National Out Reach Program by Lahore University of Management and Sciences (LUMS).
