I'm a dedicated Registered Civil Engineer with Washington Accord passionate about constructing innovative infrastructure solutions. With a strong foundation in structural analysis, project management, and sustainable design principles. I'm equipped to tackle complex engineering challenges effectively.

EDUCATION

BSc Civil Engineering

Bahauddin Zakariya University Multan,
Pakistan

10/2019 - 10/2023

3.46/4.0

FSc (Pre-Engineering)

Superior College Muridwala, Pakistan

06/2017 - 06/2019

936/1100

PROJECT

Investigation on Rigid Pavement Failure and
Rehabilitation Methods with Cost analysis
(10/2022 - 10/2023)

- Investigate the complex interplay of factors leading to pavement deterioration.
- Identify key failure modes and their root causes.
- Develop and evaluate cost-effective repair strategies to extend pavement lifespan.

WORK EXPERIENCE

Trainee Engineer

AHW Structure (Pvt.) Ltd.

07/2024 - Present

Lahore

Achievements/Tasks

- Assisted in the design and planning of construction projects.
- Checks construction sites, collects information, and does calculations to ensure projects are safe and meet quality standards.
- Participate in safety inspections and ensure compliance with safety protocols.

Internship

Drafter and Designers

12/2023 - 06/2024

Faisalabad

Achievements/Tasks

- Worked on AutoCAD for 2D and 3D drawings and modeling.
- Conducted site visits to ensure design compliance and quality of construction projects.
- Review and interpret construction drawings, specifications.

SOFTWARE SKILLS

AutoCAD 2D & 3D

Revit Structural

ETABS

MS Office

MS Project

PROFESSIONAL SKILLS

Decision-Making

Decisive and action-oriented, with a focus on making timely and well-reasoned decisions.

Problem-Solving

Resourceful and creative problem solver with a talent for finding innovative solutions.

Project Management

Dedicated construction project managing skills to drive result orientated solutions.

CERTIFICATES

• Construction Project Management (07/2023 - 09/2023)

Learn how to define project objectives and scope. Develop a detailed project plan and timeline. Identify project tasks, milestones, and deliverables.

• Revit Structural (09/2023 - 11/2023)

Learn how to prepare structural drawings using Revit. Utilize Autodesk Revit Structural to create detailed and accurate structural models.
