

MUHAMMAD KHAQAN

CIVIL ENGINEER

SUMMARY

I am a result-driven and detail-oriented civil engineer with a strong educational background and a passion for sustainable infrastructure. My excellent time management, adaptability, and organizational skills support my goal of securing a challenging role to deliver high-quality projects on time and within budget, while continuously striving for innovation in the field of civil engineering.

EDUCATION

University of Engineering and Technology Peshawar 09/2018 - 08/2022

Bachelors in Civil Engineering

Board of Intermediate and Secondary Education Abbottabad 03/2016 - 08/2018

FSc. Pre - Engineering

Board of Intermediate and Secondary Education Abbottabad 03/2014 - 06/2016

Matriculation

EXPERIENCE

UET Peshawar

Project Trainee

- Collected and analyzed traffic data for ESALS calculation.
- Utilized Microsoft excel to analyze and visualize traffic volumes.
- Conducted CBR tests for sub-grade soil evaluation.
- Communicated with Pakhtunkhwa highways authority (PKHA) to ensure design compliance with relevant codes and standards.
- Designed cost effective flexible pavement using AASHTO-93 Design guide.
- Created detailed cross-sections of drawings in CAD software.
- Estimated the costs and quantities.

PROJECTS

Civil Engineering Projects

Projects undertaken during academic training

- Designed a flexible road using AASHTO-93 design guide and local ESALS.
- Utilized ETABS, SAP 2000 and SAFE for detailed analysis and design of structures using ACI code and compared the results with manual calculations.
- Utilized Primavera software for planning and scheduling of projects.
- Used Auto-CAD tools and features to create complex drawings.

Structural design ·
Quantity and cost estimations ·
Material testing · Primavera P6 ·
Road design

STRENGTHS

- **Problem Solving**
Ability to solve problems efficiently.
- **Attention to Detail**
Maintaining accuracy and thoroughness.
- **Good Communication Skills**
Strong ability to communicate ideas clearly.
- **Team Work**
Ability to work collaboratively with others.
- **Critical Thinking**
Ability to work in challenging situations and making sound judgments.
- **Adaptability**
Ability to adopt in challenging environments and conditions
