Professional Summary

Civil Engineer with expertise in structural design, project planning, and construction management. Proficient in ETABS, SAFE, Primavera P6, AutoCAD, and PlanSwift. Experienced in managing residential and commercial projects from inception to completion. Currently enhancing estimation skills as a Trainee Estimation Engineer at QTO House. Seeking a Planning Engineer role to leverage technical and leadership skills in large-scale infrastructure projects.

Core Competencies

- **Technical Skills:**
 - Project Planning & Scheduling (Primavera P6)
 - Structural Design & Analysis (ETABS, SAFE, AutoCAD)
 - Estimation & Quantity Take-offs (PlanSwift, Bluebeam)
 - Construction Supervision & Site Management
 - Construction Documentation & Reporting
- **Soft Skills:**
 - Team Collaboration & Communication
 - Problem-Solving & Decision-Making
 - Leadership & Coordination
 - Time Management

Professional Experience

Trainee Estimation Engineer || QTO House | Feb 2025 – Present

- Performed accurate quantity take-off for various projects.
- Collaborate with team leaders and senior engineers.
- Use estimation software such as Planswift, and Excel for analysis.
- Collaborate with team members to ensure timely and precise estimations
- Support project updates and revisions.

- Communicate effectively through company platforms.
- Analysed project specifications.
- Ensure compliance with company standards and Assist in process improvement initiatives.

Site Engineer Al Musaddiq Construction Engineers Pvt Ltd | Aug 2024 – Jan 2025

- Managed design and construction phases of residential and commercial projects, ensuring adherence to safety and quality standards.
- Reviewed construction plans, prepared quantity take-offs, and developed bar bending schedules.
- Conducted structural analysis using ETABS and SAFE to ensure cost-effective and safe designs.
- Coordinated with multidisciplinary teams to resolve site challenges efficiently and work orders and Material demand Planning.
- Produced technical reports and maintained project documentation Coordinated multidisciplinary teams to resolve site challenges efficiently.

Intern Sui Northern Gas Pipeline Limited (SNGPL) | 1.5 Months

- Assisted in civil works planning for gas pipeline infrastructure, emphasizing safety and compliance.
- Supported quality control and inspections to ensure project specifications adherence.

Intern Royal Geotech Company | 1.5 Months

- Participated in soil sampling and geotechnical investigations for foundation designs.
- Collaborated with senior engineers on reports and recommendations for construction methods.

Education

Bachelor of Science in Civil Engineering || University of Engineering and Technology (UET), Taxila | Graduated 2024

Certifications

- Project Planning and Control Certification
- Oracle Primavera P6 Professional Certification

- Planning for Civil Engineers & Project Managers

Notable Projects

- *Multi-Story Building Design:* Conducted structural analysis using ETABS and SAFE for an earthquake-resistant, cost-effective design.
- *Barrage Design:* Contributed to structural calculations and technical specifications for a water barrage project.
- *Confined Masonry Residential Building:* Designed and prepared detailed structural drawings for a two-story residential building.
