ABOUT ME

As a highly motivated Electrical Engineering graduate with a strong academic background and hands-on experience in power systems, I am passionate about contributing to the future of power generation and distribution. I have completed a final year project focused on intelligent lithium-ion battery management, funded by NGIRI. I am committed to applying my technical skills to develop innovative solutions in the energy sector, particularly in the areas of renewable energy and power distribution.

I am Adobe certified Professional in Logo Design Using Adobe Illustrator
