Hiring Manager
BidWinners

Dear Hiring Manager,

I am writing to express my interest in the Construction Estimator position at BidWinners. I hold a post-secondary diploma in project management and have over two years of hands-on experience preparing accurate cost estimates for residential and commercial projects. In my previous roles, I was responsible for reviewing blueprints, sourcing material and labour costs, and developing competitive bids that helped my employers secure multiple contracts.

Throughout my career I have developed strong analytical and organizational skills. I am proficient in using estimating software, spreadsheets, and project management tools to manage budgets and track expenses. I pay close attention to detail and am comfortable working under tight deadlines. These attributes allow me to deliver clear, comprehensive estimates that reflect real-world project constraints.

I am particularly drawn to BidWinners because of your reputation for providing high-quality estimating services that help contractors win projects. I would be excited to apply my skills and continue to develop professionally as part of your team. I am confident that my background in estimating, communication skills, and passion for the construction industry would make me a strong addition to BidWinners.

Thank you for considering my application. I welcome the opportunity to discuss how I can contribute to the success of BidWinners. Please feel free to contact me at your convenience.

Sincerely,

Faizal Vhora
