Objective

A highly motivated and detail-oriented Civil Engineering fresher with a foundational understanding of cost estimation. Proficient in **PlanSwift**, with working knowledge of **AutoCAD** and **Revit**, enabling accurate reading and interpretation of architectural and structural drawings. Seeking an opportunity to contribute to a professional construction or estimation team.

Education

Bachelor of Science in Civil Engineering

University of Management and Technology

4 semester completed

I am a dean award holder. I am a hardworking person.

Technical Skills

- **Estimation Tools:** PlanSwift (Basic Level)
- **Drafting & BIM:** AutoCAD, Revit (Intermediate Level)
- **Drawing Interpretation:** Able to read architectural, structural, and MEP drawings
- **MS Office:** MS Excel (BOQ preparation, formulas), MS Word
- **Other Tools:** PDF Mark-up Tools (e.g., Bluebeam – if any)

Strengths

- Fast learner and highly adaptable
- Strong attention to detail
- Good understanding of technical drawings
- Passion for construction project planning and estimation
- Team player with a positive attitude
