UNIVERSITY OF ENGINEERING AND TECHNOLOGY PESHAWAR

Peshawar/ KPK

Bachelor of Engineering | November 2021 – August 2025

Civil Engineering

CGPA: 3.71

FYP Thesis on “Impact of Mohmand Dam on downstream flood intensity”

Relevant Coursework: Structure Engineering , Fluid Mechanics; Engineering Materials, RCD, Transportation Engineering, Geo-Technical Engineering , Steel Structure , Irrigation Engineering , Foundation Engineering , Quantity Surveying

The Peace Group of School and Colleges Abbottabad

Abbottabad/ KPK

Intermediate | 2019 – 2021

Pre-Engineering

About Myself

I am a fresh graduate of UET Peshawar in Civil Engineering with a strong academic foundation. Passionate about sustainable construction, I am eager to apply my knowledge and innovative thinking to real world engineering challenges. Recent Civil Engineering graduate with hands-on training in AutoCAD, Revit, and Primavera P6. Skilled in structural drafting, project planning, and construction supervision. Gained practical site experience as an Internee Site Engineer with CnW and FWO. Eager to contribute to infrastructure development projects using modern design and planning tools

SKILLS

- | | | |
|------------------------------|--------------------|--|
| ○ Basics of AutoCAD software | ○ Primavera(P6) | ○ Basic of quantity estimation and costing |
| ○ SAP | ○ Ms excel | |
| ○ Revit | ○ Site Supervision | |
| ○ Ms word | ○ Problem Solving | |

WORK EXPERIENCE

Internship:

- **Site Engineer:** 2 months internship experience at Judicial Complex Abbottabad in CNW Abbottabad
July 2023 – September 2023
- **Site Engineer:** One month internship experience at Ring Road Rawalpindi in FWO
August 2024 – September 2024
- i. Assisted in supervision of construction activities including layout, foundation, and RCC works.
- ii. Verified structural drawings and ensured proper execution as per site specifications.
- iii. Coordinated with senior engineers, labor force, and materials suppliers to ensure smooth operations.
- iv. Gained understanding of safety protocols and government project execution standards

- Design a school building in academic project
- Design different structure on SAP in academic project
- Developed scheduling and activity planning in Primavera P6.

WORKSHOPS and TECHNICAL SESSIONS

- Attending different seminars in University, including Earth Quick, Geo –technical , Infrastructure ,Transportation and many other.
- Organizing different seminars in University
- Conduct sports and academia event at college and university level .

ADDITIONAL

Awards

- Certificate of attending and organizing different seminars
 - Registered member of Institute of Civil Engineering(ICE)
 - Certificate in volleyball
 - Certificate in tug of war
 - Certificate in Quiz Competition
-
