Education

University Of Engineering & Technology (UET) Lahore

Bachelor of Science in Civil Engineering

Nov 2021-June 2025

Lahore, Pakistan

Experience

PMIU, Irrigation Department

Lahore, Pakistan

June 2024- Aug 2024

- Helped in making cost estimates for cleaning and repairing canals.
- Learned basics of using HEC-HMS for checking water flow after rainfall.
- Visited sites for data collection and inspection of canal conditions.

WASA LAHORE

Lahore, Pakistan

July 2025- Onward

- Assisted in preparing and reviewing tender documents as per PPRA rules.
- Helped draft and verify BOQs for water and sewerage works.
- Supported preparation of secured advance documents for payments.
- Coordinated with planning teams to match specs with project timelines and costs.

Projects

Experimental Study of Shallow Foundations on Rocks

- Studied the behavior and performance of shallow foundations placed on different types of rock.
- Collected and analyzed data to understand bearing capacity and settlement characteristics.
- Compared results with theoretical values to evaluate safety and suitability of rock foundations.

Difference Between Normal Strength and High Strength Tile Bond

- Tested and compared the bonding strength of normal and high strength tile adhesives.
- Analyzed performance under different conditions to suggest suitable applications for each type.

Honors

- CGPA: 3.20
- Most Disciplined Student of the year (2018-2019)
- Maximum Attendance during Fsc Level (2021)

Technical Skills

- Microsoft Word -5 Years of experience

- Microsoft Excel -5 Years of experience
- Microsoft Power Point -5 Years of experience
- AutoCAD -3 Years of experience
- ETABS -Beginner
