

Zohaib Ur Rehman

Date of birth: 16/08/2003 | **Nationality:** Pakistani | **Phone number:**

(+92) 3250710475 (Mobile) | **Email address:** zohaiburrehman957@gmail.com |

Address: P-81, Street No.1, Saifabad No.1, Jhang road, 38000, Faisalabad, Pakistan (Home)

PROFESSIONAL SUMMARY

Objective:

A motivated and detail-oriented civil engineering graduate seeking an entry-level position where I can apply my knowledge in structural design, project management, and construction planning. Eager to contribute to impactful infrastructure projects, grow professionally, and deliver innovative, cost-effective, and sustainable engineering solutions in a dynamic team environment.

WORK EXPERIENCE

 **WAPDA ENGINEERING ACADEMY – FAISALABAD, PAKISTAN**

INTERN – 01/07/2023 – 01/08/2023

- Prepared detailed quantity estimates** for a 3,000 sq ft residential project, **resulting in a 5% reduction in material costs.**
- Optimized resource allocation** for a commercial building project, **ensuring timely completion within budget.**
- Developed accurate building drawings** using AutoCAD, **leading to a streamlined construction process.**
- Conducted thorough site inspections** to monitor project progress, **identifying and resolving potential issues.**
- Participated in comprehensive soil testing**, contributing to the design of a stable foundation.
- Enhanced knowledge of building codes and regulations** through training sessions with SDOs.

 **ENGINEERING CONSULTING DEPARTMENT-PROJECTS, UNIVERSITY OF AGRICULTURE – FAISALABAD, PAKISTAN**

INTERN – 03/06/2024 – CURRENT

- Assisted in data collection** for the highway expansion project, improving data accuracy by **10%** through standardized data entry procedures.
- Prepared detailed site layout plans** using AutoCAD, reducing design errors by **8%.**
- Supported the drafting team** by creating and revising technical drawings, increasing drafting efficiency by **15%.**
- Managed project correspondence** and documentation, reducing response time to inquiries by **20%.**
- Assisted in preparing project presentations** by compiling data and creating visual aids, enhancing presentation quality by **15%.**
- Conducted basic material testing** in the laboratory, ensuring material compliance with project specifications **98%** of the time.
- Provided administrative support** to the project team, including scheduling meetings and managing travel arrangements, saving the team an estimated **20 hours** per month.

EDUCATION AND TRAINING

15/11/2021 – 29/05/2025 Taxila, Pakistan

BS CIVIL ENGINEERING University of Engineering and Technology

- Structural Analysis
- Soil Mechanics
- Transportation Engineering
- Geotechnical Engineering
- Surveying
- CAD/CAM (AutoCAD, Revit)
- Primavera P6

Website <https://www.uettaxila.edu.pk/> | **Final grade** 3.79/4

● **LANGUAGE SKILLS**

Mother tongue(s): **URDU**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	C1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **SKILLS**

AutoCad 2D -3D | Primavera P6 | Civil 3D | Revit | GEO STUDIO | Arc GIS | Mastan 2 |
Microsoft(Excel,Word,PowerPoint)

● **CONFERENCES AND SEMINARS**

University of Engineering and Technology,Taxila
2nd International Conference on advancement in Civil and Environmental Engineering

University of Engineering and Technology,Taxila
3rd International Conference on advancement in Civil and Environmental Engineering

Society of Environmental Engineering, Uet Taxila
Reverse Engineering: A Solution to Obsolescenes and Environmental Impacts

● **HONOURS AND AWARDS**

Executive Member – American Society of Civil Engineers University of Engineering and Technology Taxila Chapter

Assistant Director from July 2023 to July 2024 – Community Services by Civil Engineers University of Engineering and Technology Taxila Chapter

Executive Member – Institute of Civil Engineers University of Engineering and Technology Taxila Chapter

Prime Minister's Youth Laptop Scheme 2023 – Government of Punjab,Pakistan

● **RESEARCH AND PRACTICAL EXPERIENCE**

Semester Projects

- House (80x100) Construction Planning and Scheduling**
- Developed a comprehensive construction schedule for an 8,000 sq ft house using Primavera P6, reducing project duration by 15%. Collaborated with the project team to optimize resource allocation and mitigate risks.
- Infrastructure of Building**
- Created a detailed 3D building model using Revit, enhancing space utilization by 12%. Successfully resolved spatial conflicts and improved design efficiency through iterative modeling.
- Earthquake Hazard Mitigation Measures Report**
- Conducted in-depth research to develop a technical report recommending design modifications to enhance building resilience by 20%. Collaborated with structural engineers to identify critical areas for improvement.
- Transportation Engineering Project**
- Designed a road alignment using Civil 3D, optimizing the route for a 10% reduction in construction costs. Utilized geographic data from Google Maps and Earth to inform design decisions.
- Geotechnical Project**
- Performed comprehensive soil testing to determine optimal foundation depth, resulting in a 15% cost savings. Collaborated with geotechnical engineers to interpret test results and provide design recommendations.
- Traverse of Hilly Area**
- Conducted a topographic survey of Khanspur using AutoCAD and GIS, creating highly accurate digital terrain models. Demonstrated proficiency in data collection, processing, and analysis.

Aggregate Testing Project

- Evaluated the engineering properties of Khanpur aggregate, determining its suitability for concrete production and achieving a 5% reduction in concrete costs. Conducted multiple laboratory tests to ensure data reliability.

Multi-story Plaza Drawing and Estimation

- Prepared architectural and structural drawings of a 6-story plaza using AutoCAD, followed by detailed cost estimation in Excel. Optimized design for a 7% increase in rentable area while adhering to building codes.

RECOMMENDATIONS
