EDUCATION

University of Engineering & Technology (UET) Taxila

BSc Civil Engineering

Taxila, Pakistan

2020 – 2024

Kips College Multan – BZU Campus

FSc (Pre-Engineering)

Board of Intermediate & Secondary Education, Multan – Pakistan

Multan, Pakistan

2018-2020

Bloomfield Hall Uppers School Multan

Cambridge GCE O-level

Multan, Pakistan

2016-2018

PROFESSIONAL EXPERIENCE

Buildings Sub-Division Chief Minister's Office, Lahore

Lahore, Pakistan

Internee Engineer

July 2023 – Aug 2023

- Studied architectural drawings and took on-site measurements, coordinating them with the architectural drawings.
- Observed detailed estimation documents and legal paperwork for the project located near the Chief Minister's office premises.
- Learned about finishing work like woodwork, flooring, plastering, and door/window installation.
- Gained insights into architectural, electrical, and plumbing drawings of the site.
- Coordinated with the Senior Sub-Engineer and Sub-Divisional Officer, providing daily site progress reports.

National Engineering Services Pakistan (Pvt.) Limited (NESPAK)

Islamabad, Pakistan

Internship Trainee

November 2024 – May 2025

- Project title: "Construction of Additional Block at Pakistan Engineering Council (PEC) HQS, Sector G5/2, Islamabad".
- Developed a strong understanding of the project's structural and architectural plans.
- Gained valuable on-site experience in construction practices and site management.
- Actively participated in NESPAK's inspection teams, closely observing construction progress and ensuring quality standards.
- Acquired knowledge of diverse construction techniques and methods used in multi-story building construction.
- Learned about the critical aspects of structural reinforcement placement, concrete pouring, and curing processes on a large scale.

ACADEMIC EXPERIENCE

Architectural and Structure Design | Semester Project

Apr 2024

- Prepared an Architectural and Structural Design of 1 Kanal Residential House in Compliance with CDA Regulations.
- Prepared an Architectural and Structural Design of Double Story Shopping Mall including Cinema.

Construction Planning & Management | Semester Project

Nov 2022

- Planned & scheduled a 5 Marla Residential Building.
- Utilized Primavera software to create detailed project schedules, monitor progress, and identify potential risks or delays.

Drawing Estimation & Construction | Semester Project

Mar 2022

Utilized Excel spreadsheets to accurately estimate material quantities, costs, and project expenses, ensuring budget compliance.

Final Year Project

Sep 23-May 24

"Innovative Optimizing Concrete Mix Design and ACI 211-1-2022 Guidelines."

Completed FYP on the above topic and prepared a complete Excel sheet for Concrete Mix Design using ACI Guidelines.

PUBLICATIONS

1st Research Publication (MTME 2024, GIKI)

A Theoretical Model for Predicting Axial Compressive Strain of FRP-Confined Concrete.

SOFTWARE SKILLS

- ETABS
- SAFE
- Oracle Primavera P6
- MS Word
- AutoCAD
- MS Excel
- MS Power Point
