STRENGTHS

- Optimistic Approach
- Quick Learner
- Teamworking
- Leadership
- Goal Determined
- Time management

SOFTWARES

- AUTODESK AUTO-CAD
- E-TABS
- PLAN SWIFT
- PRIMAVERA P-6
- MS PROJECT
- MICROSOFT OFFICE

OBJECTIVE

A motivated and detail-oriented Civil Engineering graduate with hands-on experience in structural design, AutoCAD modeling, and construction estimation. Seeking a full-time role as a Steel Structure Detailer to apply my technical knowledge in steel detailing, fabrication drawing preparation, and modeling using industry tools like AutoCAD and Tekla. Eager to contribute to the efficient execution of fabrication and erection drawings in a collaborative engineering team.

EDUCATION

B.S.C CIVIL ENGINEERING	CGPA 3.76/4	2021-2025
NFC Institute of Engineering & Technology, Department of Civil Engineering		
F.S.C (Engineering)	Rise College of Science	2018-2020
Marks: 972/1100		
Matriculation	Premier Public School	2016-2018
Marks: 966/1100		

PROFESSIONAL EXPERIENCE

- 1) Estimator Engineer (USA BASED PROJECTS)
ALPHA BRAVO CONSTRUCTIONS, LAHORE **JULY 2025- TILL NOW**
 - Prepared detailed quantity takeoffs for residential and commercial construction projects in the USA using Plan swift and Bluebeam
 - Interpreted architectural and structural drawings to estimate concrete, steel, drywall, masonry, and finishes.
 - Developed BOQs, material summaries, and cost estimates based on CSI Divisions.
- 2) Junior Engineer (Site)
PARKS & HORTICULTURE AUTHORITY, MULTAN **JULY 2024- SEP 2024**
- 3) Junior Engineer (Structural)
KADIOGLU GLOBAL CONSTRUCTIONS, LAHORE **JULY 2023- SEP 2023**

ACADEMIC PROJECTS:

- Designed a multi-storey building with detailed structural drawings and estimated quantities using AutoCAD, E-Tabs and Plan Swift.
- Evaluated structural performance of 3D printed concrete structures for construction applications.
- Investigated soil properties and bearing capacity using SPT and CBR at landfill sites and applied soil modification techniques to enhance foundation performance.
- Developed dam design concepts and analyzed soil characteristics at midpoint of Tarbella and Mangla Dam sites.
